

NATIONAL SHRINE OF
OUR LADY of LA LECHE
AT MISSION NOMBRE DE DIOS

WELCOME

With the founding of Nombre de Dios, an extensive missionary effort was initiated throughout Spanish "La Florida." Two hundred years before the first Spanish mission in California, Nombre de Dios and over 140 missions stretched from St. Augustine south to the Florida Keys, north to the Chesapeake Bay and west to Pensacola.

Here, on September 8, 1565, 55 years before the pilgrims set foot on Plymouth Rock, Pedro Menéndez de Avilés founded the town of St. Augustine and Nombre de Dios mission. On the same date, Fr. Francisco Lopez de Mendoza Grajales held high the cross and celebrated the first parish Mass. After Mass, the Spanish settlers and the native Timucuans celebrated a meal of thanksgiving together.

*May your visit be a pilgrimage
blessed by God's peace.*

May your journey home be safe.
